

Dear Point to Point Swimmers,

Thank you for coming out this past Saturday for the Westport Weston Family Y *32nd Annual Point to Point Compo Beach Swim*. It was a perfect morning for a swim, with weather and water conditions that couldn't have been better. Everyone should be very proud of themselves for finishing the event. Each of you had the chance to get some exercise, meet new people and network and, most important, have some fun.

This year we had more than triple the number of swimmers from previous years – about which we are both excited and appreciative – with the overwhelming majority of swimmers registering on the day of the event. Unfortunately, the timing and results method was planned for a smaller number of participants, making it difficult to track and record results for all of the more than 200 swimmers that did compete.

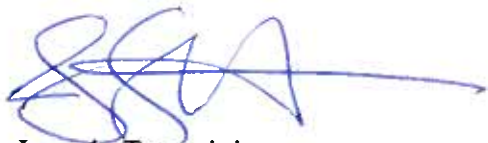

Please be assured that our staff and volunteers made every effort to track and record accurate results for each swimmer. And as we combed through the results, we were able to identify timing errors and made appropriate adjustments to as many as we could.

We sincerely regret that this was an issue; and we extend our apologies to those for whom the results were not captured and anyone for whom the results may be inaccurate.

On a positive note – we raised more money this year than expected, which will be used to support membership and programming initiatives at the Family Y. Plus there are people who stepped forward that day and have offered to support improvements for future *Point to Point* events; such as –

- Additional buoys to better guide the swimmers
- Color-coded buoys to map the swimmers' route
- A chip timing and instant results system
- Additional tables and volunteers for event day registration
- A simplified online registration system

We appreciate your participation and support of the Westport Weston Family Y *32nd Annual Point to Point Compo Beach Swim* . . . and we look forward to seeing you all again next year!

Jacquie Tumminia
